## **Security Camera Use Encouraged**

### **09-28-2017**

LeRoy PD encourages our residents and businesses to make use of reasonably priced digital video recorders to help fight crime.

Hi definition video images of suspects were provided twice in the past month that the police department was able to post to social media, get an identification, and make an arrest.

In addition, LeRoy PD encourages our residents and guests to lock up valuables, keep their cars and homes locked, and to promptly call police if a crime is detected. Crime fighting is a team effort.

If you have a security video system that covers outside areas, LeRoy PD asks that you register your system with us so we know to ask you to check your video if a crime occurs in your neighborhood. Email the Chief for this at [jwilliamson@leroy.org](mailto:jwilliamson@leroy.org).
